PLAN INTERURBAN RAILROAD FROM MARFA TO FORT DAVIS

Marfa, Tex., April 6.—An interurban railroad from Marfa to Fort Davis, which later would be extended to Balmorhea, is promised as a result of a movement inaugurated here and in Fort Davis. Already Fort Davis business men have subscribed one-half of the amount needed to make a preliminary survey and subscribe the balance. It is estimated that the cost of the survey will be \$200. The plan is to build a standard gauge road. It is argued that the road would save cattlemen in this country several hundred dollars by shortening the distance to market.

R. Q. Musgrave, of Fort Worth, is at the head of the movement to build the road, and is meeting with much encouragement.
